Donate for free to "project name here"

Do you ever shop online? If you do this from now on at shopdonation.com/projectname, you can donate for free to our project without having to pay anything extra!

Basically all major webshops have joined **Ebay, Booking.com, AliExpress, Puma, Samsung, BJ's, Kohl's, Sears, Macy's** so many more. You ultimately buy the product from the webshop itself, but because you do this going through **our page** you'll give a free donation to our cause.

How does this work?

You can do this by choosing "**project name here**" at Shopdonation.com or by shopping via shopdonation.com/projectname. With every purchase you donate automatically and free of charge to our cause.
